RHINO™ M1011

METAL TAPE EMBOSSER

RHINO™ M1011 Metal Tape Embosser. Innovation that began 50 years ago and continues today. The RHINO™ M1011 has been designed for heavy-duty performance in rigid and harsh environments. The labels can withstand toughest environmental conditions on offshare platforms, marine and industrial job sites.

M1011

Features:

- Industrial and factory tasks are made easy with this tough cast-aluminum labeler.
- Embossed characters provide visibility in applications exposed to dirt or paint.
- Portable on-site custom lenght embossed markers.
- Superior durability: Imprints 12 mm wide metal, aluminium and vinyl tapes that withstand weather, temperature and corrosion.
- Front scissor cutoff with rounded corners for fast, easy and safe label application.
- Built-in hole punch device that lets you apply labels with nails and screws.
- Cable tie slot punch for cable marking.
