

MECHANICAL SHEAR BOLT TERMINAL LUGS BLMT AND CONNECTORS BSM

FOR LOW VOLTAGE AND MEDIUM VOLTAGE ALUMINIUM FLEXIBLE CABLES APPLICATION

**EASY AND FAST INSTALLATION
WITH STANDARD TOOLS**

KEY FEATURES

- Torque-controlled shear-head bolts guarantee a good electrical contact
- Easy installation with standard socket spanner
- Wide application range from 25 mm² to 500 mm²
- Can be used with Aluminum flexible cables (class 5)
- Compact design and wide application range

TE Connectivity's (TE) Mechanical Shear Bolt Terminal Lugs BLMT and Connectors BSM are designed for use in low, medium voltage applications, and cover conductor sizes from 25 to 500 mm². All products consist of a tin-plated body, shear-head bolts and inserts for small conductor sizes.

Made of a special aluminium alloy, these contact bolts are double shear-head bolts with hexagon heads. The bolts are treated with a highly lubricating agent. Contact bolts are irremovable once their heads have been sheared off. The connector body is made of a high-tensile, tin-plated aluminium alloy. The internal surfaces of the conductor holes are grooved.

Mechanical lugs and connectors are suitable for outdoor and indoor applications, and terminal lugs are available with different palm hole sizes. Before using mechanical lugs in cable accessories, check that they are suitable for the given application and if necessary, consult the manufacturer.

APPLICATIONS

- Underground solutions
- Substations
- Wind energy solutions

RELEVANT STANDARDS AND TEST REPORTS

- Tested according to IEC 61238-1 class B

PRODUCT TECHNICAL SPECIFICATONS

Lug Description	Palm Hole Diameter (mm)					Contact Bolts Quantity	Head Size AF (mm)
	LB	L1	L2	D1	D2		
BLMT-25/95-13*	13	60	30	24	12,8	1	10
BLMT-35/150-13*	13	86	36	28	15,8	1	13
BLMT-50/150-RS-13	13	112	60	33	19,5	2	15
BLMT-95/240-13*	13	112	60	33	20	2	13
BLMT-120/300-13*	13	115	65	37	24	2	13
BLMT-150/400 MK2-13*	13	122,5	80	42	25,5	3	13
BLMT-400-AL FLEX-13	13	122,5	80	42	28	3	13
BLMT-500-AL FLEX-13	13	125,3	70	50	33	3	13

*Standard palm hole size is 13 mm (for M12 stud) but these lugs are also available with palm hole size 17 mm (for M16 stud)

Connector Description	Dimensions (mm)				Contact Bolts Quantity	Head Size AF (mm)
	L1	L2	D1	D2		
BSM-25/95	65	30	24	12,8	2	10
